

IT Career Fair

UCDAVIS
HEALTH SYSTEM

Thursday, July 21 • 2 – 6 p.m.

2825 50th Street – Sacramento
(in the UC Davis MIND Institute Auditorium)

Having recently been recognized as one of the nation's "Most Wired Hospitals," **UC Davis Health System** is undertaking several new large-scale IT projects, including expansion of its Epic Electronic Health Record (EHR). In its commitment to ensure the best possible technology support for its growing patient care population, UC Davis' Information Technology department is looking to fill a variety of strategic positions for project managers, system analysts, technology educators, interface analysts and technical support staff. Many positions do not require previous experience with UC Davis Health System technology or Epic software.

Interested applicants can find out more about the numerous, available **full time, career positions** and apply for jobs at the upcoming IT Career Fair where hiring managers and current staff will be present to discuss the exciting opportunities.
